The amendment filed on 1/24/08 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Newly submitted claims 17-27 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The elected invention is an in vitro method of upregulating T cell activity. The method of newly presented claim 17 is a method of upregulating T cell activity in a mammalian subject comprising administering T cells (i.e. an in vivo method). The subject matter of new claim 17 was previously found in cancelled claim 14, which was withdrawn from consideration as being drawn to a non-elected invention in the office action mailed 3/30/07.

Accordingly, claims 17-27 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amy E. Juedes, Ph.D. whose telephone number is 571-272-4471. The examiner can normally be reached on 8am - 5pm, Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christina Chan can be reached on 571-272-0841. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
